Quick search

» You can search on all available data in the catalogue: title, author, subject, ...

.....>>

After the search you can filter further by language, library location, year, publication type, etc.

Simple search

» You can do a targeted search by setting a search key.

Search key = title, author, subject, publication type, ...

This example searches only for materials with a title with the word 'Klimt' in it.

If you prefer all works about Gustav Klimt, then search by author or subject instead of title.
